

Topic: Our top 5 team building programs for 2018

The success of business today is driven by the performance of teams. This means having happy, motivated, healthy and team-oriented staff should be a priority. Scheduling regular team building activities through the year is a great way to maintain this commitment.

Here are the five team building programs we expect to be most popular in 2018. The popularity of these programs will be heavily influenced by a demand for charitable outcomes and destinalional experiences & trending events such as the Commonwealth Games and reality television shows.

1. Bikes For Tykes

Bikes For Tykes continues to be one of our most powerful programs. Teams work through a series of activities with the objective to build a bike from scratch and put a smile on an underprivileged child's face.

2. Beach Games

With the Commonwealth Games coming up in April, Beach Games is perfect to get into the spirit of the Games and enjoy a beautiful beach environment at the same time.

3. Survivor

Just like the reality TV show, Survivor presents fun and challenging team activities to determine an ultimate survivor. This program can be held in a range of terrains with adventures and twists to test anyone's mettle.

4. City Scramble

Teams will learn how much they know about a city or location and how well they can navigate through various challenges and maps. It's a very popular program to explore a destination whilst bonding with a team.

5. Corporate Chef

From getting ingredients, designing a menu to cooking a meal for everyone to later enjoy, this will be a culinary experience to remember as well as unveil who is the best team of cooks in your workplace.
