

Topic: 3 Christmas party ideas for small business

A team building program is a great Christmas party option for small businesses.

Here are 3 ideas for small workforce Christmas parties...

1. City Scramble

City Scramble is a fun team building adventure ideal as a Christmas party activity. In this 2 to 3 hour event, teams discover how much they know about the history, character and features of the city they are in. With a camera, maps and a checklist of challenges, teams are let loose in a race around the city. The aim is for teams to score as many points as possible by completing the challenges, all which can be tailored to your organisation's objectives.

2. Survivor

Just like the reality TV show, Survivor provides fun and challenging outdoor team building activities to determine who is your group's ultimate survivor! It's great to do for a Christmas party to take advantage of the weather and a nice outdoor setting without the deserted island and extreme conditions of the TV show. Tribes will be challenged in a number of fun problem solving situations before Tribal Council determines the sole surviving champion tribe.

3. Out of the Box

In a great charity program for Christmas, teams are given a special box which is filled with attention-diverting items and toys for kids. It features a number of creative team building activities which can be tailored for every group but require critical and lateral thinking especially when a few 'distractions' are added into the mix. Out of the Box brings those items to life in a fun and engaging indoor team program for adults.
